UNIVERSAL CEILING LCD PROJECTOR MOUNTS

TPMUNI SERIES DATA PROJECTOR MOUNTS

TPMUNI2

TPMUNI4

FEATURES

- Mounts to the ceiling and is easily adjustable to fit most bottom-mounted LCD projectors up to 26 lbs.
- Available with a 23" to 43" height adjustable arm or for ceiling installations with up to a 90° angle.
- Four adjustable arms spread out to attach to the mounting nuts built into the projector casing. The projector casing must have mounting nuts built into the case for these mounts to be used.
- Includes four sets of mounting screws and spacers to fit most projectors. Ceiling mounting hardware not included.
- Ball and socket joint provides flexible tilting and 360° rotation of the projector for best projection angle.
- Includes a "Quick Release" knob that separates the projector from the mounting plate to allow for easy maintenance of equipment and to easily swap projectors.
- TPMUNI4 includes an adjustable extension tube to drop the projector down from the ceiling. Extension tube is adjustable from 23" to 43" in length and includes cut outs for cord management.
- TPMUNI4 features an adjustable mounting plate that allows the projector to be mounted to a ceiling with up to a 90° angle.
- TPMUNI2 is designed to mount close to a flat ceiling. Mount hangs down 6" from the ceiling.
- Optional TPM8PLATE drop ceiling plate fits into the grid pattern and allows the mounts to be hung directly from the drop ceiling system.
- Lightweight aluminum construction is finished in a aluminum paint.
- TPMUNI series LCD mounts are certified to GREENGUARD Children & Schools Indoor Air Quality standards.
